**\*\*\* There was a grant applied for but we can't find if they ever got the Rural Development Grant of \$160,947. We don't know if it is on the national historic register or even if they got the grant. We included the credit but in the minutes it said after the credit, the total cost would be down to \$129,000. The math is weird.**

**\*\*\*\* This is not funded – and Bailey was told to wait to get court approval on this. Was not added into total**
